During the past 30 years I have used the community as a major resource for developing and implementing programs. I have for over 30 years created community service, cross-aged/peer tutoring and counseling programs, as well as others. Working with students, teachers and the community as well as Program Development are some of the activities I value most. Having been a member of Toastmasters, I enjoy public speaking. Each of us must do our part to make this a better world - working together we can make a difference.
