Please explain your reasons for wishing to serve and, in your opinion, how you feel you could contribute.

By working throughout Napa County in various locations, I am constantly reminded of how water is such a valuable resource. I am a firm believer in water management and would be glad to help inform the public and my industry the importance of water conservation and policy. I feel that vineyard management practices can be an example

of water conservation at its best. I have lived in the Napa Valley my entire life. I have seen it change; some good changes and some bad changes. I would like the opportunity to help keep Napa in tact for my children and grandchildren. Having lived here 37 years, I never plan to leave the areas. Thanks again for the opportunity to reapply for this position.
