MEMORANDUM

To: Napa County Board of Supervisors From: David Morrison

Date: January 25, 2019 Re: Direction on Strategic Actions Related to
Watershed Protection

Recommendation

Staff is replacing Attachment G for Item 9C on the January 29, 2019, regular agenda with the attached corrected table showing vegetation retention rates for pending Erosion Control Plans (ECPs).

Background

The table that was originally included in the packet relied on approximations from GIS (Geographic Information Systems) data that were very rough and did not reflect vegetation conditions as mapped in the applications, or as analyzed in CEQA.

Staff has since gone through the pending applications and modified the table to reflect the best available data.

**Approximate* Vegetation Retention Rates for Pending Agricultural
Erosion Control Plans (ECPAs) - January 24, 2019**

Project Number	Submittal Date	Project Name	APN	Project Acres (Gross)	Approximate Vegetation Retention Percentage	
					Forested	Shrub / Grassland
