Don:

Thanks for your comments. I will make sure the Commission gets a copy when they take this matter up again on December 2 at 9AM.

Subject: VACATION RENTAL ORDINANCE

Dear Hilary:

This ordinance is an egregious intrusion on and violation of everybody's property rights. Apparently It would even ban house-swapping. The only real justification offered is that renting a property in the county is somehow an "urban use" (which is not even defined), but only if it's for less than thirty days. This is preposterous on its face!
