Hi All,

This November we will be up for our annual permit review and we just wanted to take time out to get your feedback. I would love to hear if you have any comments or questions about the winery or if you feel there is something that we can be doing to improve as a neighbor.

Thank you for taking the time out to let us know what's on your mind and I hope you had a great Labor Day weekend.

Have a good week,

Erik Ackerman

Thank you for asking, Erik. Dita and I have no complaints of significance. From time to time some one going to the winery will park in front of our house, most often a truck or a limo waiting for clients. On one occasion a classy limo driver even urinated on the side of the road. All and all annoying at the time but minor. Only suggestion would be to put the traffic coordinator when you have a crowd near the road rather than inside the gate. That may avoid some of the limo problems. Other aspects of the winery have been fine. Al Pepin

Hi Al,

I will make it a point to tell our limo companies to keep their drivers on property. Most of them know this already but this may have been a driver from a business that we do not work with on a regular basis.

Thank you very much for letting me know.

Happy Friday Everyone,

Erik Ackerman

You guys have done a good job.

I would like to emphasize the **importance** of having a parking attendant at the front gate when you are having events or expect a large number of visitors to help control traffic in and out of the facility and to prevent parking on the street.

Hi All,

Thank you for your recommendations. In light of your comments we decided this AM to instruct both our Valets up front along with our two greeters to mention this to all limo drivers entering the property. Since the drivers have to drop off their customers first before parking this should eliminate the problem. I have also contacted our main limo partners to reinforce the parking issue.

Please keep me posted if you see any limos parked on Mee Lane and, if possible, the name of the limo company. We will have one of our greeters check the road from time to time as well to make sure this gets resolved ASAP.

Thank you again and I am here if you need anything.

Have a great weekend,

Erik Ackerman

Erik,
All others have covered feedback we might have brought to your attention. The Stop Sign has been a real upgrade and Lee and I agree you should stay in our "hood."

Have a Good Harvest,
