Small Wind Energy Systems Ordinance 1

 NAPA COUNTY
A Tradition of Stewardship
A Commitment to Service

Conservation, Development and Planning

"Don't bore them with the facts. Talk about the issues."

- January 1, 2011 Deadline
- Balancing Rival "Goods"
 - Promotion of Renewable Energy
 - Natural Resource Protection
 - Addressing Visual Impacts
 - Streamlining Permitting

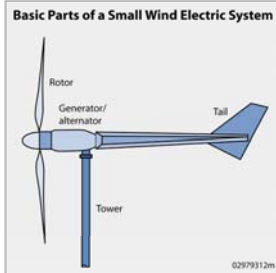

Small Wind Energy Systems Ordinance 2

 NAPA COUNTY
A Tradition of Stewardship
A Commitment to Service

Conservation, Development and Planning

Outline

- State Laws
 - AB 45
- Code Comparison
 - Current vs. Proposed
- Overview of Proposed Ord.
 - Main Elements
- Recommended Fees
- Comments Received

Basic Parts of a Small Wind Electric System

Small Wind Energy Systems Ordinance 3

 NAPA COUNTY
A Tradition of Stewardship
A Commitment to Service

Conservation, Development and Planning

State Laws

Past & Present

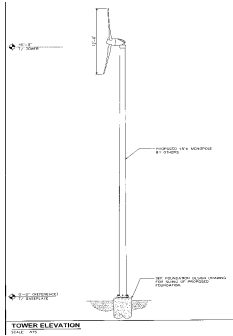

- 2002
 - Sunset in 2005 – Repealed 2006
- 2009 Assembly Bill (AB) 45
 - State's renewable energy portfolio
 - Allows Counties to require Use Permits
 - Requires ministerial approval if no established process
 - Exempts ordinances approved prior to Jan. 1, 2011

Small Wind Energy Systems Ordinance 4

 Conservation, Development and Planning

Allowed Under AB 45

- Size
 - < 50kW, primary onsite use
- Location
 - ≥ 1 acre, outside cities/"urbanized areas"
- Height
 - 80' (1-5 ac), 100' (≥ 5 ac)
- Setback
 - ≥ Height of tower from property lines
- Noise
 - Lesser of 60 dBA or that established in a General Plan

Small Wind Energy Systems Ordinance 5

 Conservation, Development and Planning

Allowed Under AB 45 (cont.)

- Notice
 - Notification of neighbors w/in 300'
- Permit
 - Use permit, or
 - Administrative permit
- Local Ordinances
 - Exempt if adopted prior to Jan. 1, 2011
 - No more restrictive if adopted after Jan. 1, 2011
 - Applications after Jan. 1, 2011 prior to local adoption must be approved ministerial permit

Small Wind Energy Systems Ordinance 6

 Conservation, Development and Planning

Current Code*	Proposed Ordinance
Zones	Zones
• AP, AW, I, TP	• AP, AW, I
Parcel Size	Parcel Size
• Any	• > 2 ac
Use	Use
• Onsite use	• Onsite use
Size	Size
• Height – 90'	• Height – 50' (2-5ac), 80' (>5ac)
• ≤ 25 kW, 32' dia.	• ≤ 50 kW
Permit	Permit
• Use Permit	• Administrative Permit
	• Use Permit (if admin. standards not met)

*18.08.390 – Noncommercial wind energy conversion system

Small Wind Energy Systems Ordinance 7

 Conservation, Development and Planning

Proposed Ord. - Closer Look

- Similar to 2002 Ord.
 - Added administrative permit
 - Limited to AP, AW & I zones
 - Min. parcel 2ac compared to 1ac
- Includes "Development Standards"
 - Support administrative permit
 - Address environmental concerns
- Maintains use permit option
 - Address site specific challenges
 - Allow for approval beyond administrative standards

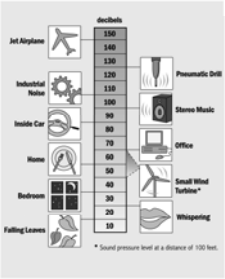

Small Wind Energy Systems Ordinance 8

Conservation, Development and Planning

Proposed Ord. - Closer Look

Addressing Environmental Challenges

- **Biology/Natural Resources**
 - Pre-development surveys
 - Setbacks
- **Noise**
 - Adherence to County Noise Ord.
- **Visual**
 - Silhouette
 - Major ridgelines
 - Height
 - Color
 - Lighting
 - Signage
 - Vegetation
 - Simulation
