Dear Mr. Hawkes,

I am a member of the Napa Valley wine community, and the president and CEO of Spottswode Estate Vineyard & Winery in St. Helena. As a colleague and neighbor, I want to express my full support for the Staglins proposal. The Staglins have been an outstanding part of our Napa Valley community for many years, and they operate with the greatest integrity. I have reviewed and discussed this project with Shari and Shannon Staglin, and my feeling is that the request is reasonable and would not negatively impact our community. I am confident that the Staglins will continue to be an asset to our community, and I therefore write in support of this project.

Please convey this letter of support to the Napa County Planning Commission. If you have any questions, please feel free to contact me.

Thank you so much!

Sincerely,

Beth

Dear Napa County Commissioners

I was just made aware just this past week that the Staglin Winery is planning to significantly expand their hours, as well as increase the number of approved annual special events. This is appalling, as I know that it is a requirement that the neighbors be notified in writing. To date we have never received any communication on the Staglin proposal. We are certainly against having visitors fourteen hours a day and remember this is a small rural road that isn't meant for the traffic it sounds like they are proposing. I ask that you reconsider the Staglin request.

Thank you,
Linda Poncia
