To Whom It May Concern:

We submit this letter in support of the application by Robert Craig Wine Cellars for increasing their winery permit at 2475 Summit Lake Drive, to 25,000 gallons.

Because their facility can accommodate this small increase without requiring expansion, and the impact on Summit Lake Drive should be minimal, we feel their request is consistent with county & neighborhood goals.

As resident/growers at 1984 Summit Lake Drive for the past thirty-three years we feel qualified making this judgment.

Sincerely,

Mike Lamborn
Lamborn Family Vineyards

I am writing in support of the Robert Craig Wine Cellars application to have its use permit increased to 25,000 gallons of production per year. As the winery was built to accommodate 25,000 gallons of production and no additional construction will be required I do not believe this will have any significant impact on our road and community.

I am the owner of property two parcels beyond Robert Craig Wine Cellars and pass it several times a day.

Sincerely,

A handwritten signature in dark ink, appearing to read "Jerre J. Sears". The signature is fluid and cursive, with the first name "Jerre" being more prominent and stylized than the last name "Sears".

cc Robert Craig

1195 Third Street, Room 210
Napa, CA 94559

Dear Ms. Gitelman,

Duckhorn Wine Company owns two parcels on Summit Lake Road in close proximity to Bob Craig's parcel located at 2475 Summit Lake Drive in Angwin, California.

We have been advised of the Winery Use Permit Application for Robert Craig Wine Cellars and agree it is consistent with prevailing property use in our community as a grape and wine producing area. The production increase, as presented to us, is compatible with present use and existing development in Napa County. We foresee minimal or no impact to traffic or other concerns as a result of this production increase.

Therefore, we support Robert Craig Wine Cellar's application as outlined to us by Bob Craig and are available to discuss our support of their application.

Regards,

Alex Ryan
President
Duckhorn Wine Company

RE: Robert Craig Winery Use Permit Increase

Dear Sirs:

We are property owners of 1300 Summit Lake Drive in Angwin. We would like to express our support of Robert Craig's proposed winery use permit increase to 25,000 gallons annually at their facility located at 2475 Summit Lake Drive. Thank you for your attention.

Sincerely,

Robert Foley & Kelly Kehoe
1300 Summit Lake Drive
