BACKGROUND AND DISCUSSION

A Medical Director is required to operate an Alcohol and Drug Treatment program and bill Drug Medi-Cal for services. Napa County Health and Human Services, Alcohol and Drug Services Division (ADS) and Community Health Clinic Ole, dba, OLE Health, agreed to have the current Clinic Ole physician provide Medical Director oversight to the ADS Division. The physician is most often ADS clients' primary care physician and, as the Medical Director, will already be familiar with the clients. This integration of services will better serve our mutual clients by reducing the number of providers the client is required to see and streamlining the medical services.

If approved, this agreement provides for Medical Director oversight of the ADS division. The services will be provided at the location of Clinic Ole Campus.

OLE Health is a local vendor.
