SUBJECT: Present District's New Treatment Plant Tour Video

RECOMMENDATION

Receive Presentation of District's New Treatment Plant Tour Video

EXECUTIVE SUMMARY

The District worked with Shutterbolt Film and Media to produce a "Virtual Tour of Napa San" video to be used as an educational tool for students and members of the community who cannot take an in-person tour of the plant. Staff also plan to use the video as a visual to complement wastewater related classroom presentations.

The video will be available on the Napa Sanitation District website (www.NapaSan.com) so it can be easily accessed by anyone interested in learning more about the wastewater treatment process. The video is currently available online at <https://vimeo.com/178350404>.
