SUBJECT: Receive Presentation from Staff on the Completion of the Upper Lateral Rehabilitation - Basin L Project #2 (CIP 17702)

RECOMMENDATION

Receive presentation from staff on the completion of the Upper Lateral Rehabilitation - Basin L Project #2 (CIP 17702).

EXECUTIVE SUMMARY

NapaSan staff has completed construction of the Upper Lateral Rehabilitation Basin L #2 Project which is the third upper lateral pilot project. The presentation will include project details, costs, and next steps.

FISCAL IMPACT

Is there a Fiscal Impact? No

ENVIRONMENTAL IMPACT

None.

BACKGROUND AND DISCUSSION

NapaSan completed an upper lateral pilot project in the East Spring Street area of Alta Heights in 2010 and an upper lateral pilot project in Basin L in 2015. Terrain, soil conditions, and groundwater levels are different in Alta Heights compared with the Basin L area. Post construction flow monitoring will occur in the winter of 2017/2018 to evaluate the success of the project and the ability to reduce peak flow.
