RE: Aztec Consultants Bid Protest

Dear Mr. Broughton;

This letter is in response to Aztec Consultants' bid protest letter, dated 5 May 2016, questioning the qualifications of Spiess' listed electrical subcontractor.

SCCI has completed numerous water and wastewater treatment projects in which St. Denis Electric was the electrical subcontractor. The Certification of Electrical Subcontractor's Experience & Qualifications was filled out and included in SCCI's bid package as required. Tesco is listed as the manufacturer of the instrumentation and controls package.

We have no knowledge of any NSD issue with the St. Denis qualifications to perform the work. In forwarding the Aztec bid protest to Spiess, NSD did not question the St. Denis Electric qualifications.

Also, since receiving your email, we have confirmed the St. Denis Electric quote as accurate and complete. Likewise, SCCI also confirms our bid as submitted for the entire project.

If you have any questions, or if we need to discuss this further, please call me at 805-937-5859. In order to expedite delivery of this letter, I am sending via email and USPS mail with a copy to Aztec as required by the Bid Protest specification.

Sincerely,

Spiess Construction Company, Inc.

  
Jamie Jones  
Project Manager
