Chris,

One Condition:

"Applicant is to submit a Final/Parcel Map to the Department of Public Works for review and approval by the County Surveyor. The applicant is to pay the map checking fee as established by resolution of the Napa County Board of Supervisors in effect at the time of submittal of the map. "

Erich

Hey Erich,

Annamaria just got me a comment memo on Inglewood Village (P08-00493), so it looks like we're good as far as water is concerned. When you have a chance, could you send over the other DPW' comments/conditions? (No big rush on it... say by end of next week???)

Cheers,
Chris

Chris,

Just received comments back for Anna Martinez regarding groundwater issues, and she is requesting a new Phase I Water Availability study and responses to the following questions:

- 1) How much water is needed for the project as proposed?
- 2) How much will be well water?
- 3) Is there a will serve letter from mutual water company?

Public Works conditions are complete pending completion of the Phase I water study.
