Subject: Mountain Peak Winery Use Permit (#P13-00320-UP) - Additional Documents
Attachments: CHP Reports.zip

Dear Deputy Planning Director McDowell,

I have written two separate letters thus far opposing the Mountain Peak Winery project, which were submitted on July 19, 2016 and October 11, 2016, respectively. In the July letter, I included a summary of California Highway Patrol (CHP) incidents and a summary of California Department of Forestry and Fire Protection (CalFire) incidents that have occurred on Soda Canyon Road over the last several years as exhibits 14 and 16, respectively. In the October letter, I included an updated summary of CHP incidents on Soda Canyon Road, which was attached as exhibit 20.

As indicated in both letters, I personally prepared all of the summary reports by taking and summarizing the information directly from the CHP and CalFire incident reports and declared under penalty of perjury that the summaries are accurate. I also offered to provide full copies of the reports upon request.

Although I have not yet received any such request from the County of Napa or the applicant, I am nonetheless providing copies of the original CHP and CalFire reports and ask that they be made part of the administrative record in the event that any party objects to the summary reports and/or would like to verify the information contained in the summary reports.

Accordingly, attached to this email and two others forthcoming due to size, please find copies of the CHP and CalFire incident reports to be printed and included with the Mountain Peak Winery file as part of the administrative record.

Please do not hesitate to let me know of any questions and thank you in advance for your assistance. Take care and wishing you and your family a wonderful holiday season.

Sincere regards,
Anthony
