BIZ BUZZ

Basayne joins Platypus Wine Tours

Jul 7, 2016

Michael Basayne

Platypus Wine Tours has hired Michael Basayne as director, focusing on strategic planning and project management.

Basayne most recently worked for Napa Valley Tours & Transportation as director of corporate development.

Basayne's career prior to hospitality includes business consulting, banking and real estate project management.

"I'm excited for this new chapter with Platypus in the transportation industry," said Basayne.

Basayne is a graduate of UC, Berkeley. He holds a graduate degree from the Pacific Coast Banking School at the University of Washington and an MBA from St Mary's College of California.

Napa Wineries

TOP NAPA VALLEY WINERIES

Of the estimated four million people who visit our scenic area every year, it is thought that up to 80% visit the same 20 or so wineries. Since there are over 400 Napa Valley wineries, it isn't difficult to figure out how to avoid the crowds and find the more intimate side – and the real charm – of the Napa Valley. Our Join-In Tours (</join-in-wine-tours.php>) focus on smaller, non-touristy wineries featuring unique, world-class wines and beautiful locations and scenery in order to provide a truly special experience. We're thrilled that Trip Advisor (http://www.tripadvisor.com/Attraction_Review-g33107-d1179844-Reviews-Platypus_Tours_of_Sonoma-Sonoma_Sonoma_County_California.html) consistently ranks our Napa Wine Tours (</napa-wine-tours.php>) as top-rated activities in the region. Make a Platypus Wine Tour reservation (</reservations.php>) online now or call **(707) 253-2723**. Listed below are some of our top Napa Valley Wineries (updated 07/31/2016):

Thank you Alfredo. I started writing letters addressing this issue about six years ago and of course not only has the road condition gotten much worse, the traffic on this road has increased as well. I do understand the financial constraints but this might be a excellent time to try to move the clock forward on this long overdue project since infrastructure seems to be a political buzz word these days. I wish you the best of luck on our behalf!

Hi Steve,

Thanks for reaching out. You're right, the road condition has deteriorated, we have PCI (Pavement Condition Index) standards with an objective of having County Roads be at 70 and unfortunately Soda Canyon Rd is well below.

That said, this is a concern and a priority. The County will be receiving additional road funds in 2018, in addition to what we budget and allocate yearly for (I believe that number is \$6.2 Million, but need to confirm). I'll continue to work with staff on this and look for opportunities to improve this road sooner. I'll follow-up in the next week or two with a better sense of direction.

Feel free to give me a call anytime, 707-225-2019.

Thanks,

Hi, Steve -

I do remember ... and it's nice to hear from you! However, I no longer represent Soda Canyon folks directly; we were required to establish new Supervisor Districts in 2011, and the "line" between District 3 and District 4 changed. The result is that - from about Oakville Crossroad going south - everything east of Silverado Trail is in District 4.

That means that Supervisor Pedroza (who was appointed to fill Bill Dodd's vacancy) is your current Supervisor. We have a protocol at the County whereby we refer constituent inquiries to the appropriate Supervisor, so I'm lateraling your email to Supervisor Pedroza as well as Rick Marshall from public works department.

Thanks again for writing,

Diane

Hi Diane,

You may remember that I wrote to you a few years ago expressing my concerns about the condition of Soda Canyon Road. I'm attempting once again to see if perhaps funds could be secured to resurface the road since it continues to show serious degradation. I wonder if you would take time to review the roads condition now that so many cars and trucks use it with regularity and work to bring this road up to suitable standards? Thank you,

Steven Rivera

Neighbors,

read the below from the bottom up. If you feel like emailing Rick Marshall, feel free to do so. Sure money is tight, but some weight should be given to conditions and time waiting as well. The squeaky wheel....

Mr. Lumbert, thank you for your message. I always appreciate when people take the time to let us know what is happening in their areas.

We share your concern for the condition of Soda Canyon Road, as well as all of the County's 450 miles of maintained roads. There are millions of dollars' worth of needed repairs on the system, but nowhere near enough funding to accomplish everything that's needed. It has not been possible to do more in recent years, due to limited funding sources, some of which fluctuate greatly from year to year. As such, we have given priority to the major routes, which serve the most users.

The recent passage of Measure T will provide a stable ongoing source of funding with which we will be able to address concerns such as these in a more timely manner, but unfortunately its revenue does not start flowing until 2018.

In the meantime, we will keep an eye on this road and address any basic needs as soon as possible.

Hi Dean

I am familiar with the deplorable condition of your road. I have passed this on to Rich Marshall and he might be able to shed some light on the situation.

Thanks

Bill

Subject: Soda Canyon Road

Dear Supervisor Dodd,

My wife and I have owned property on Soda Canyon Rd. since 1988, and have made our home there since 1996. We are six miles up the road from Silverado Trail. When we bought our property twenty-five years ago, Soda Canyon Road was in dire need of resurfacing. Since then, ruts have been patched, and striping has been done, but that's about it. We now have many more hundreds of acres of vineyards planted by Krupps, Mondovi's, Trincheros and other wineries/owners, and many more residents and workers pass over Soda Canyon Road every day. But Soda Canyon Road has been passed by for major work all these years. A few weeks ago I hit a pothole so bad that the emergency roll bar in my car actually popped up.

I am requesting that you do whatever is in your power to get our road on the list for a much needed resurfacing. I know that county funds are not in overabundant supply, but please do what you can.

Thank you for reading this email.

Yours truly from a fellow Rotarian,

Dean Lumbert
