

FREE!

NAPA VALLEY HOME COMPOSTING WORKSHOPS

LEARN to reduce and/or eliminate yardwaste and turn it into wonderfully rich, free compost for your garden.

DISCOVER the basics of backyard composting, composting with worms and grasscycling.

BECOME familiar with tools, types of bins and the ins and outs of recycling yardwaste, garden waste, and even some food waste.

BE INFORMED about **GRASSCYCLING**. Grass clippings release valuable nutrients back into the soil – See additional information on reverse.

SIGN UP FOR A FREE WORKSHOP
and receive at the end of your two hour class one of the following:
Limit one free bin or rebate per household while supplies last.

❶ FREE compost bin for backyard composting.*
**There is a \$20 charge for a larger bin or an alternate bin.*

- ❷ \$30 rebate on worm-composting bins.
- ❸ \$30 rebate on mulching lawnmower retrofit
- ❹ \$30 rebate on mulching lawnmowers.

Please pre-register at least two weeks prior to your preferred workshop date.

WHAT IS GRASSCYCLING?

WHAT IS GRASSCYCLING?

Grasscycling is the natural recycling of grass by leaving clippings on the lawn when mowing. Grass clippings decompose quickly and release valuable nutrients back into the soil. It is simple, easy, and it works!

DOES IT CAUSE THATCH BUILD-UP? No! Research has shown that grass roots are the primary cause of thatch build-up, not grass clippings.

SAVES TIME

No More Bagging & Raking

SAVES MONEY

Less Fertilizer is Needed

ENCOURAGES HEALTHY LAWNS

Clippings Contain Valuable Nitrogen

REDUCES YARD WASTE

Clippings Stay on Your Lawn

For a free Grasscycling Brochure or Video call:
