**Subject:** Climate Action Plan DEIR Public Comment - Request for Extension of the Public Comment Period

Mr. Hade,

I write on behalf of the Center for Biological Diversity (“Center”) to request a 30-day (or, in the alternative, a 15-day) extension of the public comment period for the Draft Environmental Impact Report (“DEIR”) for the Napa County Climate Action Plan (“CAP”), State Clearinghouse No. 2018072058.

As you know, the Center has been engaged in the County’s development of the CAP for several years, and submitted comments on the prior iterations of the CAP—including asking the County to prepare an EIR for the project. The Center appreciates the County’s and the Planning Department’s responsiveness to those prior public comments, including the Center’s. We are conducting a thorough review of the DEIR, revised CAP, and technical appendices, and need additional time to complete our review and prepare meaningful comments to the County.

Thank you for your consideration of this request.
