Use Permit Exception #P20-00143

**PLANNING COMMISSION HEARING – July 1, 2020  
CONDITIONS OF APPROVAL**

**Bremer Family Winery Site Improvements  
Use Permit Exception to the Conservation Regulations  
Application Number P20-00143-UP  
975 Deer Park Road, St. Helena  
APNs 021-400-002 and 021-420-027**

This permit encompasses and shall be limited to the project commonly known as *Bremer Family Winery Site Improvements Recognition and Retention*, located at 975 Deer Park Road, St. Helena. Part I encompasses the Project Scope and general conditions pertaining to statutory and local code references, project monitoring, and the process for any future changes or activities. Part II encompasses the ongoing conditions relevant to the operation of the project. Part III encompasses the conditions relevant to construction and the prerequisites for a Final Certificate of Occupancy. It is the responsibility of the permittee to communicate the requirements of these conditions and mitigations (if any) to all designers, contractors, employees, and guests of the winery to ensure compliance is achieved.

Where conditions are not applicable or relevant to this project, they shall be noted as “Reserved” and therefore have been removed.

When modifying a legally established entitlement related to this project, these conditions are not intended to be retroactive or to have any effect on existing vested rights except where specifically indicated.

**PART I**

**1.0 PROJECT SCOPE**

The permit encompasses and shall be limited to:

- 1.1** The recognition and approval of, the following existing site improvements, or portions thereof, in their existing configuration, that encroach into the minimum required stream setbacks pursuant to Napa County Code (NCC) Section 18.108.025(B) ranging from 45 feet to 65 feet from the top of bank of an unnamed blue-line stream, as depicted in Attachment D Site Improvement - Bremer Use Permit Exception.
- a. An approximate 2,200 square foot agricultural storage building and associated water tank;
  - b. An approximate 800 square foot concrete pad and associated walls attached to the winery;
  - c. An approximate 150 square foot ground floor/story addition and second floor/story deck to the farmhouse/office building;
  - d. An approximate 100 square foot freestanding restroom.

The recognition of the four existing site improvements located within required stream setbacks shall be those that are in substantial conformance with the submitted site plan, elevation drawings, and other submittal materials and shall comply with all requirements of the Napa County Code (the County Code). It is the responsibility of the permittee to communicate the requirements of these conditions and mitigations (if any) to all designers, contractors, employees, and the general public to ensure compliance is achieved. Any expansion of or change in use or alternative locations for fire suppression or other types of water tanks shall be approved in accordance with the County Code and may be subject to the permit modification process. The approval of the four site improvements within the required stream setbacks in no way authorizes their use for winery related purposes. Any use of these structures for winery related purposes would first require County approval of a use permit modification to the existing use permit.

## **2.0 STATUTORY AND CODE SECTION REFERENCES**

All references to statutes and code sections shall refer to their successor as those sections or statutes may be subsequently amended from time to time.

## **3.0 MONITORING COSTS**

All staff costs associated with monitoring compliance with these conditions, previous permit conditions, and project revisions shall be borne by the permittee and/or property owner. Costs associated with conditions of approval and mitigation measures that require monitoring, including investigation of complaints, other than those costs related to investigation of complaints of non-compliance that are determined to be unfounded, shall be charged to the property owner or permittee. Costs shall be as established by resolution of the Board of Supervisors in accordance with the hourly consulting rate established at the time of the monitoring and shall include maintenance of a \$500 deposit for construction compliance monitoring that shall be retained until issuance of a Final Certificate of Occupancy. Violations of conditions of approval or mitigation measures caused by the permittee's contractors, employees, and/or guests are the responsibility of the permittee.

The Planning Commission may implement an audit program if compliance deficiencies are noted. If evidence of a compliance deficiency is found to exist by the Planning Commission at sometime in the future, the Planning Commission may institute the program at the applicant's expense (including requiring a deposit of funds in an amount determined by the Commission) as needed until compliance assurance is achieved. The Planning Commission may also use the data, if so warranted, to commence revocation proceedings in accordance with the County Code.
