

October 19, 2020

I am a local who is currently living in Coombsville. I have been going to tastings at Shadybrook Estate since they opened. Having such a lovely winery in Coombsville has been a godsend! There are not many wineries in the Coombsville AVA that are open every day. Many have no tasting rooms or have very limiting hours and seating available.

Shadybrook Estate is the gold standard for the Coombsville tasting experience. The estate wine experience, and the incredible service are top notch! Every detail from beginning to end are exceptional. The overall ambience of Shadybrook is outstanding, every detail is perfection. Being able to sit in the lovely outdoor space with the view of the Vaca mountains is spectacular!

The space is somewhat limiting, and they do not offer a Barrel room experience, which I would love to see. Shadybrook has always been such a good neighbor and supporter of all things Coombsville and Napa Valley. I hoped to see them grow their business in every way.

Sincerely,

Mary Carpenter
