NAPA COUNTY STATEMENT OF INVESTMENT POLICY

In accordance with the California Government Code and under the authority delegated to the County Treasurer-Tax Collector (Treasurer) by the Board of Supervisors, the following sets forth the investment policy of the County of Napa.

1. POLICY

It is the policy of Napa County to invest all public funds held within its pooled investment fund in a manner which will provide the highest reasonable investment return within the boundaries of maximum security and safety of principal while meeting the daily cash flow demands of all pool participants and conforming to all state and local statutes governing the investment of public funds.

2. SCOPE

This investment policy applies to all financial assets held in the Pooled Investment Fund of the County Treasury. These funds include, but are not limited to the following fund types:

- General Fund
- Special Revenue Funds
- Capital Project Funds
- Enterprise Funds
- Trust and Agency Funds
- School Funds
- Internal Service Funds
- Debt Service Funds

3. STANDARDS OF CARE

The County Treasurer is considered the Trustee of the Pooled Investment Fund and, therefore, a fiduciary subject to the "prudent investor" standard, which states that:

"Investments shall be made with judgment and care, under circumstances then prevailing, which persons of prudence, discretion and intelligence exercise in the management of their own affairs, not for speculation, but for investment, considering the probable safety of their capital as well as the probable income to be derived."

The County Treasurer, the Assistant Treasurer, and the members of the Pooled Investment Oversight Committee shall refrain from all personal business activity that could conflict with the management of the investment program, or that could impair their ability to make

impartial investment decisions. All individuals involved will be required to report all gifts and income in accordance with California State law. When investing, reinvesting, purchasing, acquiring, exchanging, selling and managing public funds, the County Treasurer shall act with the care, skill, prudence and diligence to meet the aims of the investment objectives listed in the "Policy".

4. INVESTMENT OBJECTIVES

All funds on deposit with the County Treasurer shall be invested in accordance with the objectives set out by California Government Code Sections 27000.5 and 53600.5 to ensure:

- A. **Safety:** The preservation of capital is the primary objective of the investment program. Each transaction shall seek to ensure that capital losses are avoided, whether they are from securities default or erosion of market value.
- B. **Liquidity:** Secondly, the Pooled Investment Fund should remain sufficiently liquid and flexible to ensure the County Treasurer meets all operating requirements which may be reasonably anticipated in any depositor's funds.
- C. **Yield:** Thirdly, the investment portfolio should be designed with the objective of attaining a reasonable rate of return throughout budgetary and economic cycles, commensurate with the investment risk constraints and the cash flow characteristics of Napa County's portfolio.

5. PARTICIPANTS

Statutory Participants are those government agencies within the County of Napa for which the Napa County Treasurer is statutorily designated as the Custodian of Funds.

Voluntary Participants are other local agencies that may participate in the Pooled Investment Fund, such as Special Districts and Cities, for which the Treasurer is not the statutorily designated Custodian of Funds. Such participation is subject to the consent of the County Treasurer and subject to California Government Code Section 53684. Voluntary Participants must authorize in writing the Napa County Pooled Investment Fund as an investment and must accept the County of Napa's Statement of Investment Policy.

6. DELEGATION OF AUTHORITY

In accordance with California Government Code Sections 27000.1 and 53607, and Napa County Ordinance No. 1103, and in conjunction with its annual adoption of the Investment Policy, the Napa County Board of Supervisors has delegated investment responsibility for the Napa County Pooled Investment Fund to the Treasurer. Such delegation remains in effect until the Board of Supervisors either revokes its delegation of authority by ordinance, or decides not to renew the annual delegation.

The responsibility to execute investment transactions may be further delegated to the Assistant Treasurer-Tax Collector under the direction of the Treasurer.

12. WITHDRAWALS

A. For **Statutory Participants**, the County Treasurer will honor all requests to withdraw funds for normal cash flow purposes that are approved by the Napa County Auditor-Controller at a one-dollar net asset value. Pursuant to California Government Code Section 27136, any Statutory Participant that seeks to withdraw funds for the purpose of investing or depositing those funds outside the county treasury pool shall submit a written request for withdrawal to the County Treasurer for approval. When determining whether to approve the withdrawal request, the County Treasurer will consider any adverse effects such a withdrawal would have on the Pooled Investment Fund, its yield or its participants. The County Treasurer will also assess the effect of the proposed withdrawal on the stability and predictability of the investments in the

County treasury. Any withdrawal for such purposes may be paid based upon the market value of the Pooled Investment Fund as of the date of withdrawal.

B. For **Voluntary Participants**, where the County Treasurer is not the statutorily designated Custodian of Funds and their Board of Directors has adopted the Napa County Investment Policy, any withdrawal request shall be submitted in writing to the County Treasurer, who will determine the timing of the payout (normally within 48 hours), in order to mitigate any adverse effects such a withdrawal would have on the Pooled Investment Fund, its yield or its participants. Withdrawals may be paid based upon the market value of the Pooled Investment Fund as of the date of the withdrawal. Withdrawals will generally be limited to once per week and will be paid by wire transfer. The withdrawing entity will be billed for any wire transfer(s) initiated on its behalf.

13. SPECIAL INVESTMENTS

Napa County operates a Pooled Investment Portfolio. All monies from all units of government, schools, agencies, and districts deposited into the treasury are combined into one pool. The purpose of the combined pool is to increase the participants' liquidity and not limit them to specific investments. This pool is invested as a unit based on a calculated combined cash flow of all the participants. No exceptions to the combined pool are allowed and no special investment is permitted for any agency.

14. APPORTIONMENT OF INTEREST AND COSTS

Interest shall be apportioned to all pool participants quarterly based upon the ratio of the average daily balance of each individual fund to the average daily balance of all funds in the investment pool. The amount of interest apportioned shall be determined using the cash method of accounting whereby interest will be apportioned for the quarter in which it was actually received. The Treasurer shall deduct from the gross interest received those administrative costs related to investing, depositing or handling of funds and of distribution of such interest or income, including salaries and other compensation, banking costs, equipment purchased, supplies, costs of information services, audits, Oversight Committee costs and any other costs as provided by Government Code Section 27013. Such cost reimbursement shall be paid into the County's general fund.

15. INTERNAL CONTROLS

Internal control procedures shall be established and maintained by the Treasurer that provide reasonable assurance that the investment objectives are met and to ensure that the assets are protected from loss, theft, misuse, or mismanagement. The internal controls shall be reviewed as part of the regular annual independent audit. The controls and procedures shall be

designed to prevent employee error, misrepresentations by third parties, and imprudent or illegal actions by employees or officers of the County.

16. REPORTING

The Napa County Treasurer will provide the following:

Monthly, an investment report to the Treasury Oversight Committee, the Board of Supervisors, and any participating agency making such a request in writing. The report shall include all of the elements as required by California Government Code Section 53646(b).

Annually, a statement of investment policy to the Board of Supervisors for approval; and to the Treasury Oversight Committee or any participating agency (making such a request in writing) for review and monitoring.

17. SOCIAL ISSUES/RESPONSIBILITY

Issues of public social concern and benefit will be evaluated on a case by case basis. While consideration will be given to various social concerns, transactions must meet the Policy objectives of safety, liquidity, and yield when compared to investments permitted by state law.

Any decision to conduct financial transactions with an entity shall be made exercising the care, skill, prudence and diligence under the circumstances then prevailing, which persons of prudence, discretion and intelligence exercise in the management of their own affairs.

FINAL NOTE: All participants in the investment process shall act as custodians of the public trust. Investment officials shall recognize that the investment portfolio is subject to public review. The overall program shall be designed and managed with a degree of professionalism that is worthy of the public trust.

GNMA is a federal corporation working under the auspices of the Department of Housing and Urban Development (HUD). It is the largest single provider of residential mortgage funds in the United States. Fannie Mae, as the corporation is called, is a private stockholder-owned corporation. The corporation's purchases include a variety of adjustable mortgages and second loans, in addition to fixed-rate mortgages. GNMA's securities are also highly liquid and are widely accepted. GNMA assumes and guarantees that all security holders will receive timely payment of principal and interest.

FEDERAL OPEN MARKET COMMITTEE (FOMC): Consists of seven members of the Federal Reserve Board and five of the twelve Federal Reserve Bank Presidents. The President of the New York Federal Reserve Bank is a permanent member, while the other Presidents serve on a rotating basis. The term “pass-throughs” is often used to describe Ginnie Maes.

OPEN MARKET OPERATIONS: Purchases and sales of government and certain other securities in the open market by the New York Federal Reserve Bank as directed by the FOMC in order to influence the volume of money and credit in the economy. Purchases inject reserves into the bank system and stimulate growth of money and credit; sales have the opposite effect. Open market operations are the Federal Reserve’s most important and most flexible monetary policy tool.

PORTFOLIO: Collection of securities held by an investor.

PRIMARY DEALER: A group of government securities dealers who submit daily reports of market activity and positions and monthly financial statements to the Federal Reserve Bank of New York and are subject to its informal oversight.
