Name and occupation of spouse within the last 12 months, if married. *Field not completed.*

Please explain your reasons for wishing to serve and, in your opinion, how you feel you could contribute. Environmental and conservation has always interested me, especially this year as I'm taking environmental science, and I feel that conservation is absolutely imperative to our community and world- I'm passionate about the cause and want to do my part to help out. My work with the Thirst Project this past year has ignited my passion for helping the global environments, and I want to further my work by working locally as well. I feel that this opportunity would allow me to learn significantly more

about our community and wildlife conservation, and help me contribute to our community even more in the future. I think I can bring an interesting perspective regarding the youth community in Napa and how to get teens and children involved in conservation efforts. Furthermore, my work ethic would be a great asset to the commission and I would carry out any/all responsibilities to the best of my ability.
