Resume	<i>Field not completed.</i>
Community Participation	As a student, I have been involved in many community service projects including youth leader for Girls on the Run, a mentoring program that empowers young women and promotes self-confidence and self-esteem. I have volunteered at numerous events benefitting area non-profits such as CAFF, the California Alliance of Family Farming, and the Upvalley Family Centers. In middle school, I was a member of the Associated Student Body, (ASB) a student government group, and WEB, (Where Everybody Belongs) a select group of eighth grade students that helps incoming sixth graders in their orientation to middle school. As a member of the ASB, we made a commitment to create a greener campus and raised funds, partnered the school district, and local business to install a water bottle filling station. As a freshman at St. Helena High School, I am again involved in school government as president of the freshmen class. I am involved in the theater program, and play volleyball and lacrosse competitively. An ongoing project in which I am involved is the Sulphur Creek Fish Barrier Removal project. Working with local volunteers in the community, area neighbors, and science engineers, we are finding a solution to replace an old structure and making it conducive to salmon traveling upstream to spawn.

Please explain your reasons for wishing to serve and, in your opinion, how you feel you could contribute.

I wish to serve on this board because I believe that I will be a valuable member in decision making and assisting the board in every way. This opportunity will allow me to better my leadership skills and to help the community in as many ways I can. Also, I am a lover of nature, and I believe that my input on the commission might inspire other students to explore and enjoy the outdoors as I do.
