Biographical Sketch of Mr. Lee C. Broad

Following an international lending post at The Bank of New York, Mr. Broad began his business and financial advisory career with A. T. Kearney, Inc. and was a Principal of that firm in New York. At Kearney, he was responsible for business development and management of client engagements within the firm's Corporate and Marketing Strategy practice.

Mr. Broad left Kearney to accept the position of Vice President-Corporate Development at E. F. Hutton & Company, Inc., where he managed a group of analysts and consulting professionals that examined strategic and operational issues, primarily for the President of the firm and his direct reports. At Hutton, he met Mr. Paul G. Hines, his direct supervisor, and formed a personal and professional friendship that, later, resulted in the formation of Starting Point Associates.

Mr. Broad then joined Kidder, Peabody & Co., Incorporated reporting directly to the firm's President and COO. At Kidder, after two year's of conducting special assignments for the President and Management Committee, he was elected partner and promoted to Director-Individual Sales Marketing supporting the firm's 1,750 retail brokers in 68 branches.

In the years following his work on Wall Street, Mr. Broad returned to consulting and in 1989, formed Chandler Broad Associates, Inc., which is the predecessor of Starting Point Associates. In addition to working with clients on specific project-oriented engagements, he has served in short-term executive capacities as Strategic Planning Executive of United Research, Vice President-Operations of Children's Wonderland, Inc. and President of Dynamic Sciences, Inc.

Mr. Broad has long been active in community and non-profit organizations, including churches, Habitat for Humanity, The Society for the Right to Die, the Boy Scouts of America, the Securities Industry Association Firm and Industry Analysis Committee, Rensselaer Polytechnic Institute, and Columbia University. He is a certified Stephen Minister. At present within the Napa community, he is a member of the Napa Sunrise Rotary Club. He serves as the Treasurer of the First Presbyterian Church and is a member of the church's Finance Committee, Investment Committee, Building Fund Committee, and Choir. He also serves on the Board of Directors of the Presbyterian Day School and the If Given a Chance Foundation. Mr. Broad is a member of The Land Trust of Napa County and a working member of the Land Trust's Monitoring Committee, which oversees nearly 50,000 acres of land owned by the Trust or subject to an environmental easement agreement.

Mr. Broad authored seven articles published in the *Lipper Securities Industry Financial Analysis Service*. He has also written "Matrix Organizations: Can They Work?," "Navigating Class Action Settlements," "Expense Management in Branch Organizations," "Managing Outside Counsel With Success," "Managing Imperfection," "Technology or Mythology?," "Project Management: It's What's Up Front That Counts," and "High-Impact Organizations: Why and How They Work."

Mr. Broad holds a Bachelor of Science degree in Management from Rensselaer Polytechnic Institute and an MBA with a concentration in Finance from Columbia University.

Name and occupation of spouse within the last 12 months, if married (for Conflict of Interest purposes):

JULIA G. LEVITAN, WINERY BUSINESS MANAGER

*Please explain your reasons for wishing to serve and, in your opinion, how you feel you could contribute:

PLEASE SEE THE ATTACHED "STATEMENT OF REASONS AND CONTRIBUTIONS."

Statement of Reasons and Contributions

I believe that most, if not all, of the world's problems could be avoided with sustained care, love, nurturing, and appropriate, positive education of children and youth. My work and community experience and background (please see the enclosed biographical sketch for particulars) reflect my personal investment in the lives of young people. The principal reason for applying to the Commission is to add my voice and apply my ability in the Commission's work with young children.

My experience in developmentally appropriate childcare, both as a business executive and preschool board member, provide me with a useful background in understanding quality education at the preschool level. As a consultant, I have wide-ranging experiences in industry and issues. My firm's emphasis on building focus, discipline, and competence within client organizations (please see our website at www.startingpointassociates.com) bespeaks my philosophy. In working with many non-profit organizations, I have found these three elements to be critical to their success as well. Lastly, my background in finance and related matters provides me with the ability to assess choices, and make hard decisions within the context of living within means and achieving critical goals. As a result, I see my contribution being principally in building upon the Committee's decision making within a focused mission context and enhancing the organization's ability to analyze opportunities thoroughly within the framework of achieving First Five goals and objectives. Lastly, I walk the walk as a member of committees and boards, seeing what needs to be done and doing it, volunteering for difficult work, and living up to my general and specific board responsibilities and completing my assigned tasks.

September 29, 2006

Mr. Bill Dodd, Chairperson
Board of Supervisors of Napa County
1195 3rd Street, Room 310
Napa, CA 94559

Dear Bill;

I currently serve as Chair of Napa County First Five Commission. My four year term expires in December 2006. This letter is to inform the Board of Supervisors of my desire to continue to serve on the Commission and to ask that I be re-appointed. I have been informed that my statement of desire to do so takes the place of completing a more formal application process.

Please let me know if there are additional requirements for re-appointment. It has been a wonderful educational experience to serve children and families in the County and I am very proud of our important work.

Sincerely,

Anne Carver

IF ADDITIONAL SPACE IS NEEDED TO PROVIDE REQUESTED INFORMATION, PLEASE ATTACH ADDITIONAL SHEETS.

Return To: Clerk of the Board of Supervisors
1195 Third Street, Room 310
Napa, Ca 94559-3082

December 17, 2002

To Whom It May Concern:

I am interested in serving on the Napa County Children and Families Commission. My focus for the last five years has been creating integrated support services for the children of Calistoga. I am convinced that children are better learners when fundamental health, nutrition and psychological needs are met within the family, in pre-school programs, and by a supportive, active community.

To that end I have been instrumental in creating The Family Center, a family resource center housed at Calistoga Elementary School. I have served as the Chair of the Steering Committee and in the last year founded a non-profit 501(c)(3), Calistoga Friends of The Family Center, to insure the long-term sustainability of the program.

Until The Family Center was established, funded by a Healthy Start grant that expires in 2004, there were no county services available in Calistoga. Many kindergarteners were not immunized at the opening of school, had no previous experience in learning or socialization, and were not having basic needs met at home. It is imperative, given the socio-economics of Calistoga and the UpValley region of the county, that services be available and an integrated part of our culture, that there be fair and equitable distribution of state and county dollars throughout the county. I would like to represent UpValley children and support programs on the Children and Families Commission. I am aware of the needs, existing programs and funding shortfalls that might be supported by the Prop. 10 dollars.

I am willing to contribute the required time at monthly meetings, as well as serve on working committees. My strengths lie in grant proposal review and program development. I have experience in public education and outreach that may serve the commission positively. I am comfortable with public speaking and team building to maximize efficiency and accountability.

Family resource centers are an effective means of meeting the needs of children 0-5, educating families, and providing support services in a cost efficient manner. Integrating parent education, mental and physical health services, nurturing social and emotional development of children and families can only increase school readiness and success in school. I am convinced that the support of existing programs and creation of new community programs based on need, will enhance the cultural, economic and intellectual state of our county.

Sincerely,

Anne Carver

Dear Board of Supervisors,

9/27/06

I am seeking re-appointment to the First 5 Napa County.

It has been my honor to serve children 0-5 years of age as a commissioner on the First 5 Napa County, and I would like to continue in that role.

I am a dedicated commissioner with excellent attendance, actively involved on subcommittees and always prepared for meetings.

I was a Licensed Child Care Professional for 31 years retiring in 2002.

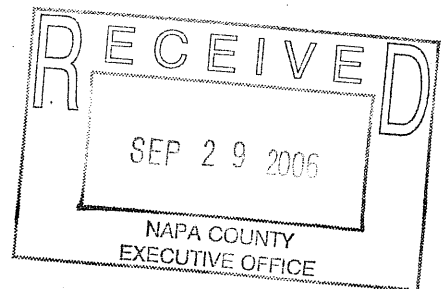

I remain very active in the child development field; chairing the Private Child Care Network, teaching quality improvement classes for child care professionals thru UC Davis Extension and I currently serve on many childcare and development committees here in our county.

I feel my formal education (M. ED), legislative awareness, teaching and business experience well qualify me to continue as a commissioner on First 5 Napa County.

Thank you for your consideration.

Sincerely,

Dee Cuney

*Please explain your reasons for wishing to serve and, in your opinion, how you feel you could contribute:

My reasons for wishing to serve in the commission are both personal and professional.

I was introduced to the importance of prenatal health and support for young parents and babies at a very young age through the work of my mother who developed a community based prenatal and labor assistance program for young latino mothers in Houston, Texas. It was through my mother's work, that I understood early on the immense impact that early intervention, support and education can have on the development of healthy parent-child relationship, and thus on the healthy development of the young baby.

This exposure contributed to my choice of becoming a child and family psychologist in order to further assist parents be the best parents they can be, and provide for safe, nurturing and positive environment for their children. My work has shown me time and time again that early prevention and intervention, are some of the best predictors for success and prognosis. I have also been witness to the challenges that many families face in being able to provide the "best environment" possible for their young children due to a lack of resources and feel that this commission has the potential of closing the gaps between needs and services.

As a mother of a nine months old baby, I am personally confronted with the difficulties faced by parents of very young children. The task of being a new parent has given me a greater appreciation of the challenges faced by my past and current clients - it is a complicated task filled both with joy and doubt - that many mothers in particular have to face alone. I believe that my professional experience - in particular my work with latino families, as well as my personal circumstance as a young mother, provide me with a keen and vivid understanding of the needs for prenatal and early childhood development services.
