Name and occupation of spouse within the last 12 months, if married (for Conflict of Interest purposes):

*Please explain your reasons for wishing to serve and, in your opinion, how you feel you could contribute:

I am extremely interested in learning about conservation policy and issues. I plan to become an environmental scientist and also study conservation so I can help positively influence the future. I think this position would give me experience in these matters and help me to achieve my goals. I have learned a lot from my Field Ecology course about conservation, especially in forestry. I would love to use this knowledge for this job, as well as expand it. I also think that it is absolutely great that the Wildlife Conservation Commission is giving this opportunity to the youth because today's youth is extremely important in regards to our environmental future. I would love to do anything to help out. Nature and preserving and protecting it is my top priority and I'm looking to devoting my life to it; I want to start now. I would definitely be a reliable and responsible candidate for this position.
