*Please explain your reasons for wishing to serve and, in your opinion, how you feel you could contribute:

As President of the Napa County Family and Foster Parent Association, my husband and I take in teen boys, mostly from probation. Just about all of them smoke.

I am VERY interested and concerned about the health, education and welfare of the County's Foster Children.

These kids represent some of the poorest and most likely to smoke children on the face of the planet. Surveys show that many of these kids are addicted to smoking by the age of 10.

It is time for me to stop complaining and to try and do something. My recent business trip to Guangzhou, China was an eye opener. I vowed to come home and try to do something constructive. So many people over there smoke. All the restaurants. The elevators. The hallways. Everywhere people were smoking.

We have come so far in this country and I want to be a part of that educational link. I would like to help in some way bring cigarette addiction to more peoples attention. Divert the ones we can and break the smoking habits of the others.

Also - target some kind of message that gets to the most vulnerable. The poor. Somehow we have to offer an alternative. A diversion.

We are doing GREAT things and just need to do more, bigger and better. Thanks for allowing me to input!
