SUBJECT: Capacity Charges for Sanitary Sewer Service for Outside Seating
660 Main Street – The Corner Napa

To Whom It May Concern:

In September 2015, Napa Sanitation District (NSD) wrote conditions of approval for outside seating/dining at the subject location. The conditions of approval required payment of sanitary sewer capacity charges.

Since September 2015, outdoor seating/dining has been installed and sanitary sewer capacity charges have not been paid. The capacity charge is due.
