all expenses for supplies and services that were incurred on or before June 30<sup>th</sup>. There may be some invoices for FY 2020/21 that will need to be accrued. Adjusting entries will also be posted for the year-end process for FY 2020/21.

In prior years, typically an intrafund transfer from Operating to Capital is done for cash flow purposes. As a result of some yearend accounting adjustments, the Capital Fund has had sufficient funds and a intrafund transfer had not been needed. This causes a lower than average Operating Expenditures to date in comparison to the Historical Expenditures to date. August 4, 2021 Page 2
