BROWN ARMSTRONG

Certified Public Accountants

To the Board of Directors Upper Valley Waste Management Agency Napa, California

We are engaged to audit the financial statements of the governmental activities and governmental fund information of the Upper Valley Waste Management Agency (the Agency) for the fiscal year ended June 30, 2019. Professional standards require that we provide you with the following information related to our audit. We would also appreciate the opportunity to meet with you to discuss this information further since a two-way dialogue can provide valuable information for the audit process.

<u>Our Responsibility under Auditing Standards Generally Accepted in the United States of America</u>

As stated in our engagement letter dated April 8, 2019, our responsibility, as described by professional standards, is to express opinions about whether the financial statements prepared by management with your oversight are fairly presented, in all material respects, in conformity with accounting principles generally accepted in the United States of America. Our audit of the financial statements does not relieve you or management of your responsibilities.

As part of our audit, we will consider the internal control of the Agency. Such considerations are solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

As part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, we will also perform tests of the Agency's compliance with certain provisions of laws, regulations, contracts, and grants. However, providing an opinion on compliance with those provisions is not an objective of our audit.

Accounting principles generally accepted in the United States of America provide for certain required supplementary information (RSI) to supplement the basic financial statements. Our responsibility with respect to Management's Discussion and Analysis and Budgetary Comparison Schedule, which supplement the basic financial statements, is to apply certain limited procedures in accordance with auditing standards generally accepted in the United States of America. However, the RSI will not be audited and, because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance, we will not express an opinion or provide any assurance on the RSI.

Planned Scope, Timing of the Audit, and Other

An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; therefore, our audit will involve judgment about the number of transactions to be examined and the areas to be tested. Our audit will include obtaining an understanding of the Agency and its environment, including internal control, sufficient to assess the risks of material misstatement of the financial statements and to design the nature, timing, and extent of further audit procedures. Material misstatements may result from (1) errors, (2) fraudulent financial reporting, (3) misappropriation of assets, or (4) violations of laws or

governmental regulations that are attributable to the Agency or to acts by management or employees acting on behalf of the Agency. We will generally communicate our significant findings at the conclusion of the audit. However, some matters could be communicated sooner, particularly if significant difficulties are encountered during the audit where assistance is needed to overcome the difficulties or if the difficulties may lead to a modified opinion. We will also communicate any internal control related matters that are required to be communicated under professional standards.

We expect to begin our audit on approximately September 23, 2019, and issue our report on approximately October 31, 2019. Lindsey McGuire is the engagement partner and is responsible for supervising the engagement and signing the report or authorizing another individual to sign it.

This information is intended solely for the use of the Board of Directors and management of the Agency and is not intended to be, and should not be, used by anyone other than these specified parties.
