EXECUTIVE SUMMARY

Crestwood Behavioral Health, Inc. currently provides long-term, inpatient mental health treatment that includes skilled nursing services, psychosocial rehabilitation services, behavior management, life skills training, and geropsychiatric services. ENVIRONMENTAL IMPACT

ENVIRONMENTAL DETERMINATION: The proposed action is not a project as defined by 14 California Code of Regulations 15378 (State CEQA Guidelines) and therefore CEQA is not applicable.

BACKGROUND AND DISCUSSION

Under its current agreement, Crestwood Behavioral Health, Inc. provides long-term, inpatient mental health treatment on a sub-acute level (i.e., treatment below the level of a hospital stay). Crestwood operates a number of facilities throughout Northern California. Services being provided include skilled nursing, enhanced board and care, psychosocial rehabilitation, behavior management, life skills training, and gero-psychiatric services designed to address the treatment and safety needs of individuals who, because of a mental illness, are determined to be gravely disabled. The services are designed to stabilize individuals' mental health conditions, with the goal of returning individuals back to the Napa County community mental health treatment system. Individuals with extreme medical or behavioral issues may require longer-term care. Individuals are placed in the contractor's facilities by the Health and Human Services Agency (HHSA), subject to the requirements of California Welfare and Institutions (W&I) Code Section 5150 et. seq. Each of Crestwood's facilities charges daily bed rates and additional daily fees ("patch rates") based on the type and level of services necessary to address each individual's needs.

Approval of the requested action will amend the agreement to incorporate changes to the contractor's rates for available services and facilities for individuals in Napa County requiring placement during Fiscal Year 2014-2015. The existing contract maximum of \$1,250,000 will remain the same.

Crestwood Behavioral Health, Inc. is not a local vendor. There are no treatment facilities of this type in Napa County.
