BACKGROUND AND DISCUSSION

Public Works has accumulated a variety of surplus items of personal property and recommends disposal of these items at public auction. These items have outlived their useful life, have been removed from service, and are no longer required for public use. California Government Code Section 25363 authorizes the Board of Supervisors, upon a four-fifth vote, to sell at public auction, and convey to the highest bidder, for cash, any property belonging to the county and not required for public use.

Attachment A contains a list of non-fixed assets items, primarily antiquated office furniture and equipment, to be disposed of at public auction. These items have been examined by Public Works and determined to be of no further use to the county because they are antiquated, damaged, fail to meet current ergonomic or safety standards, or have been identified as nonfunctional.
