BACKGROUND AND DISCUSSION

The 14th annual "Napa Valley Sprint Triathlon" is scheduled to take place on Sunday, May 6, 2012, from 8:00 A.M. to 11:00 A.M. Participants will swim a half-mile at Chaparral Cove, followed by a 15-mile bicycle ride, and end with a 4-mile run along Berryessa Knoxville Road. This event is anticipated to attract up to 600 participants and 200 spectators.

For public and participant safety the organizers have requested road closures to facilitate the running of the foot and bicycle portions of the events with the least amount of inconvenience to the public. All traffic control and road closures will be under the direction of the California Highway Patrol (CHP). The affected road is Berryessa Knoxville Road, from Chaparral Cove to 7.5 miles north, just north of Pope Canyon Road. Public Works shall have both the Insurance Certificate and the CHP Agreement for traffic control before issuing the permit. The following conditions are being imposed to ensure a safe environment for the public:

- a. All traffic control devices and personnel be in conformance with Caltrans' Traffic Manual.
- b. All properties having access to the portion of Berryessa-Knoxville Road being closed shall be notified prior to the event and access shall be provided to them during the event.
- c. Access shall be provided for emergency vehicles at all times.
- d. The organizers of the "Napa Valley Sprint Triathlon" shall contract with the CHP for traffic control services during the event.
- e. A certificate of insurance in the amount of \$1,000,000 shall be provided to the County naming the County of Napa as an additional insured.
- f. All costs of clean up and repairs to County facilities damaged as a result of this event shall be borne by Enviro-Sports Productions, Inc.

The event organizer has also worked with the County Office of Emergency Medical Services to ensure proper provisions are in place for ambulance services and communications needed to meet the health and safety requirements of the event.
