BACKGROUND AND DISCUSSION

1. Agreement No. 3547 provides for the reimbursement of costs associated with the performance of weighmaster audits. Weighmasters are licensed by California Department of Food and Agriculture (CDFA), Division of Measurement Standards (DMS), and are responsible for the accurate weighing of various commodities within the channels of trade. This agreement allocates \$4,650 to perform these audits as required.
2. Agreement No. 2683 provides for the reimbursement of costs associated with the performance of petroleum inspections. The CDFA, Division of Measurement Standards (DMS), along with county Sealers of Weights and Measures, ensure petroleum products sold within the State/County meet minimum quality and labeling standards. This agreement allocates \$2,325 to perform inspections and sampling of petroleum products sold within Napa County.
3. Agreement No. 2036 provides a portion of the costs associated with the 1.5 Trapper positions allocated to Napa County, and the related clerical support provided by the Agricultural Commissioner's office. Napa County is a participant in a program for wildlife damage management with CDFA and USDA. USDA employees provide expertise in helping ranchers deal with predators killing their livestock. In addition, these trappers help the community deal with animals carrying rabies as well as other health and damage-related issues. Costs associated with this agreement are \$65,250 for providing Wildlife Management Services to Napa County.
