### **BACKGROUND AND DISCUSSION**

To celebrate the community's achievements in improving the health and awareness of Napa County's watersheds and building upon our prior success, staff recommends that the Board of Supervisors proclaim May 2010 as "Watershed Awareness Month" in Napa County.

May 2005 was celebrated as California's first Watershed Awareness Month to encourage Californians to learn more about their local watersheds and participate in activities to enhance their natural surroundings and communities. On May 3, 2005 the Board of Supervisors joined that effort by proclaiming May 2005 as Watershed Awareness Month in Napa County. Since 2005 the Board has annually proclaimed May as Watershed Awareness Month in Napa County. Many watershed related events and programs are now held annually during the month of May to raise community awareness about the importance of our local watersheds.
