NAPA COUNTY BOARD OF SUPERVISORS Board Agenda Letter

TO: Board of Supervisors
FROM: Britt Ferguson for Nancy Watt - County Executive Officer
County Executive Office
REPORT BY: Lupe Ramirez Peterkin, Administrative Support Technician - 299-1516
SUBJECT: Reappointments to the Napa County Winegrape Pest and Disease Control District

RECOMMENDATION

County Executive Officer requests the reappointments of James E. Frisinger Jr. and Larry Hyde to serve on the Napa County Winegrape Pest and Disease Control District with terms of office to commence immediately and expire March 26, 2013.

EXECUTIVE SUMMARY

County Executive Officer requests two (2) reappointments to the Napa County Winegrape Pest and Disease Control District.

FISCAL IMPACT

Is there a Fiscal Impact? No

ENVIRONMENTAL IMPACT

ENVIRONMENTAL DETERMINATION: The proposed action is not a project as defined by 14 California Code of Regulations 15378 (State CEQA Guidelines) and therefore CEQA is not applicable.

BACKGROUND AND DISCUSSION

There are currently three (3) openings due to expiration of terms on the Board of Directors for the Winegrape Pest and Disease Control District. The County Executive Office has recruited for the openings and received two (2) reappointment requests from James E. Frisinger Jr. and Larry Hyde.

On January 2, 2002, the Napa County Winegrape Pest and Disease Control District Law (Food and Agricultural Code sections 6292 et seq.) was enacted. The purpose of this law is to make available a procedure for creating the Napa County Winegrape Pest and Disease Control District to assist in the funding of inspection, detection, prevention, and education of Pierce's Disease as stated in the Napa County Glassy-Winged Sharpshooter Work Plan, as approved by the California Department of Food and Agriculture, and accepted by the Napa County Board of Supervisors, to prevent the spread of Pierce's Disease by the glassy-winged sharpshooter.

On February 19, 2002, the Napa County Board of Supervisors adopted Resolution No. 02-26 establishing the Napa County Winegrape Pest and Disease Control District.

In 2006, Napa County growers voted to expand the scope of the District to include programs to detect and control a recent introduction into Napa County, the Vine Mealy bug. The District collects annual assessments of \$5.60 per acre for both Glassy-Winged Sharpshooter and Vine Mealy bug control programs.

The District is administered by a five (5) member Board of Directors. Applicants must meet the following qualifications to serve on the District Board:

- a) They must be a citizen of the United States and resident of California;
- b) They must own lands included in the District devoted, in whole or in part, to the growing of winegrapes; and
- c) They must have demonstrated an interest in the control of winegrape pests and diseases.

The County Executive Office will continue to recruit for the remaining Board of Directors vacancy.
