BACKGROUND AND DISCUSSION

May 2005 was celebrated as California's first Watershed Awareness Month to encourage Californians to learn more about their local watersheds and participate in activities to enhance their natural surroundings and communities.

On May 3, 2005 the Board of Supervisors joined that effort by proclaiming May 2005 as Watershed Awareness Month in Napa County. Many watershed related events and programs were held during May 2005 and were successful in raising community awareness about the importance of local watersheds.

Building upon prior success and wishing to celebrate the community's achievements in improving the health of Napa County's watersheds, staff recommends that the Board of Supervisors proclaim May 2006 as "Celebrate Your Watershed Month" in Napa County.
