The purpose of the NVWIB is to ensure the involvement of the business and industrial community, including small businesses, minority business enterprises, education, labor organizations, community-based organizations, economic development agencies and one-stop delivery system partners in workforce investment activities. The NVWIB also oversees a local cooperative relationship with the County to most effectively satisfy the labor demand needs of the business community and enhance the economic well being of individuals in need of workforce investment services.

NVWIB is a thirty-one (31) member, private sector led Board. Two (2) members represent labor, two (2) members represent education, two (2) members represent community based organizations, two (2) members represent economic development, five (5) members represent one-stop partners, one (1) member is from the Board of Supervisors, and seventeen (17) represent private sector business. Per Board of Supervisors Resolution # 05-184, members of the NVWIB do not have to be Napa County residents.

NVWIB members must be individuals who are owners, chief executive officers, chief operation officers, or other individuals with optimum policymaking or hiring authority.
