## NAPA COUNTY BOARD OF SUPERVISORS Board Agenda Letter

---

**TO:** Board of Supervisors

**FROM:** Alice Hughey for Leanne Link - County Executive Officer  
County Executive Office

**REPORT BY:** Helene Franchi, Deputy County Executive Officer - 253-4820

**SUBJECT:** Adoption of a resolution terminating the local emergency declared as a result of the 2017 Winter Storms

---

### **RECOMMENDATION**

County Executive Officer and Director of Emergency Services request adoption of a resolution terminating the Proclamation of Local Emergency declared in response to the 2017 Winter Storms effective at 5:00 PM on April 20, 2017.

### **EXECUTIVE SUMMARY**

This resolution will terminate the proclamation of local emergency.

### **FISCAL IMPACT**

Is there a Fiscal Impact? No

### **ENVIRONMENTAL IMPACT**

ENVIRONMENTAL DETERMINATION: The proposed action is not a project as defined by 14 California Code of Regulations 15378 (State CEQA Guidelines) and therefore CEQA is not applicable.

### **BACKGROUND AND DISCUSSION**

Throughout January and February 2017 heavy rains, saturated ground, and high tides caused roads to wash out, trees to topple, and creek banks to be washed out, damaging and endangering public infrastructure. The County Executive Officer proclaimed a local emergency pursuant to Government Code Section 8630 and Napa County Code Section 2.80.060(A)(2) on January 18, 2017 based on conditions of a disaster that existed as of January 8, 2017. On January 24, 2017, the local emergency status was ratified and continued by the Board. That determination has been reviewed and continued as necessary by the Board.

In response to additional storms, the County Executive Officer proclaimed a local emergency on February 23, 2017 based on conditions of disaster that existed as of February 13, 2017. While the County was already in a continuing local emergency, this proclamation further documented that the additional set of storms also constituted a local emergency under the California Disaster Assistance Act.

On February 28 and March 21, the Board of Supervisors continued the local emergency proclaimed by the County Executive Officer on February 23, 2017, formally continuing the pre-existing local emergency for an additional 30 days and documenting the incorporation of all of the CalOES incidents in January and February within this combined local emergency declaration.

It is now recommended that the Board of Supervisors terminate the combined local emergency effective April 20, 2017.
