BACKGROUND AND DISCUSSION

The California Outdoor Rollerskating Association is promoting the Napa Valley Inline Marathon and Half Marathon event on Sunday, July 12, 2015, from 7 A.M. to 10 A.M. Participants will skate along a 6.55 mile closed portion of Silverado Trail between Oakville Crossroad and Oak Knoll Avenue in Napa. Two laps are equal to 26.2 miles. Event parking will be located at Yountville Park, the same location of the after race picnic. Participants can park there and skate over to the start line.

This event is estimated to attract 200 skaters and 100 spectators. The organizers have contracted with the CHP for traffic control, and a certificate of insurance naming the County of Napa as additional insured is on file. CHP will make every effort to escort residents to their property during the event, but minor delays could occur dependent upon the number of skaters on the road at the time to make it as safe as possible for everyone.

The permit will be issued upon compliance with all applicable requirements based on the ordinance.

The following conditions are being required by Public Works to ensure adequate notification to the public and to provide a safe environment:

- a. All traffic control devices and personnel be in conformance with Caltrans' Traffic Manual.
- b. All properties having access to the portion of Silverado Trail being closed shall be notified a minimum of two (2) weeks prior to the event and access shall be provided to them during the event.
- c. Access shall be provided for emergency vehicles at all times.
- d. The California Outdoor Rollerskating Association shall contract with the CHP for traffic control services during the event.
- e. A certificate of insurance in the amount of \$1,000,000 shall be provided to the County naming the County of Napa as additional insured.
- f. All costs of clean up and repairs to County facilities damaged as a result of this event shall be borne by The California Outdoor Rollerskating Association.
