BACKGROUND AND DISCUSSION

In January 1995, HHSa implemented the inpatient phase of the Mental Health Managed Care Program. The program is governed by the terms of Agreement No. 4028 with the State Department of Mental Health, regulations promulgated by the Federal Medicaid and California Medi-Cal programs, and by a provider operations manual developed by HHSa staff and reviewed by County Counsel. Costs are funded by a State managed care allocation.

The County contracts with four hospitals for inpatient services. The contract with Mt. Diablo does not include physician services. This agreement provides for the physician portion of the inpatient stay at Mt. Diablo.

The department has executed Business Associate agreements on file with these providers.
