EXECUTIVE SUMMARY

The listed contractors provide mandatory psychotherapy and psychological services to children who are clients of the Child Welfare Services and Children's Behavioral Health programs. The Agency is requesting amendments to the existing agreements to add case consultation and SB 163 wraparound services to the Scope of Work and Compensation sections of the agreements. The amendments further delineate that claims for payment must be submitted within 60 days from the end of the month in which services were provided.

FISCAL IMPACT

Is there a Fiscal Impact? No

ENVIRONMENTAL IMPACT

ENVIRONMENTAL DETERMINATION: The proposed action is not a project as defined by 14 California Code of Regulations 15378 (State CEQA Guidelines) and therefore CEQA is not applicable.

BACKGROUND AND DISCUSSION

These contractors provide mandated counseling services for children and families who are not in the County's Medi-Cal managed care program, either because they are not Medi-Cal eligible or because it is not practical for them to go through the managed care system (e.g., there is a pre-existing relationship with a non-managed care therapist). Children and families receiving services under these contracts come to HHSA through one of three "doors" — the Child Welfare Services (CWS) "door" (through a court order), the Children's Behavioral Health (CBH) "door" (through an Individualized Education Plan [IEP] from the local school system), or the SB 163 "door" (supportive wraparound services, funded by HHSA and provided by HHSA and Probation staff, designed to maintain children in the community).

In addition to providing the mandated counseling services, the amendments to these agreements are being requested to allow the contractors to bill HHSA for case consultation and SB 163 wraparound services, with no increase to their Board-approved Fiscal Year 2006-2007 total contract amounts. The requested amendments further delineate that claims for payment must be submitted within 60 days from the end of the month in which services were provided. The Agency has executed Business Associate Agreements on file for each of these providers.
