---

### **RECOMMENDATION**

Presentation of a proclamation to Kris Brown, Health and Human Services Agency Deputy Director, Comprehensive Services for Older Adults, declaring the week of September 22-28, 2013 as "Fall Prevention Awareness Week" in Napa County.

### **EXECUTIVE SUMMARY**

A proclamation declaring the week of September 22, 2013 as "Fall Prevention Awareness Week" in Napa County is being presented to raise awareness of the need to prevent older citizens from falling and sustaining injuries.

### **FISCAL IMPACT**

Is there a Fiscal Impact?                      No

### **ENVIRONMENTAL IMPACT**

ENVIRONMENTAL DETERMINATION: The proposed action is not a project as defined by 14 California Code of Regulations 15378 (State CEQA Guidelines) and therefore CEQA is not applicable.

**BACKGROUND AND DISCUSSION**

Senate Concurrent Resolution (SCR) No. 77, passed on August 7, 2008, recommends that:

1. the California Department of Aging, and local agencies on aging, incorporate fall prevention in their upcoming master plans;
2. the California Health and Human Services Agency develop standardized definitions and reporting methods that will improve available information on falls suffered by older adults; and
3. fall prevention guidelines be incorporated into state and local planning documents that affect housing, transportation, parks, recreational and other public facilities.

On the federal level, S. 845 - Safety of Seniors Act of 2007, which called for the expansion of public health programs, educational outreach, and research activities related to fall prevention, was signed into law on April 23, 2008.

In relation to these state and federal actions, today's proclamation declaring the week of September 22-28, 2013 as "Fall Prevention Awareness Week" in Napa County seeks to raise awareness of the frequency of unintentional falls by older adults and the harm such falls can have to their lives, independence and overall health.
