### **BACKGROUND AND DISCUSSION**

---

The Legislative Subcommittee is responsible for the development of the annual State Legislative & Policy Platform. Today's item begins discussion on a draft document prepared by the County's State legislative representatives and County staff.

Staff will incorporate edits based on discussion at the Subcommittee meetings and next steps will be determined.

In order to be effective in advocacy efforts, County policy requires unanimous approval by the Board of Supervisors and for the items included in the platform to be those that are Napa County specific, or an area where Napa County may have a discernible impact by including the issue in its Legislative Platform. Having unanimous approval on focused issues allows us to prioritize and distribute limited resources accordingly. Staff did receive numerous comments and recommendations from the public and has incorporated these within the proposed edits where it is consistent with County policy.

Attached to this item is the proposed draft 2020 State Legislative & Policy Platform, in clean and redline forms.
