Napa Sanitation District Board Agenda Letter

TO: Honorable Board of Directors

FROM: Timothy Healy - General Manager
NS-Technical Services/Engineer

REPORT BY: Stephanie Turnipseed, Pollution Prevention and Outreach Coordinator - 707-258-6002

SUBJECT: Receive Presentation from Staff on an Update of Winery Wastewater Management

RECOMMENDATION

Receive presentation from staff on the treatment of winery wastewater and provide direction regarding future winery wastewater hauling.

EXECUTIVE SUMMARY

In accordance with Goal 3, Item 3A of NapaSan's 2017 Strategic Plan, staff have been working with members of the wine industry to understand and evaluate options for managing winery wastewater. In early 2018, NapaSan began a pilot program to accept winery waste. While trying to find winery partners to participate in the pilot program, NapaSan confirmed that Napa Recycling and Waste Services has partnered with many wineries to acquire process wastewater for use in their composting operation. Staff will present a summary of the pilot winery waste acceptance program, Napa Recycling and Waste Services' winery wastewater usage, and request direction moving forward regarding the treatment of winery wastewater.

FISCAL IMPACT

Is there a Fiscal Impact? No

ENVIRONMENTAL IMPACT

ENVIRONMENTAL DETERMINATION: The proposed action is not a project as defined by 14 California Code of Regulations 15378 (State CEQA Guidelines) and therefore CEQA is not applicable.

BACKGROUND AND DISCUSSION

NapaSan staff met with Napa Recycling and Waste Services staff in June 2018 to discuss wastewater usage at the NRWS compost facility.
