Is there a Fiscal Impact? No

ENVIRONMENTAL IMPACT

ENVIRONMENTAL DETERMINATION: The proposed action is not a project as defined by 14 California Code of Regulations 15378 (State CEQA Guidelines) and therefore CEQA is not applicable.

BACKGROUND AND DISCUSSION

Brown, Vence & Associates, Inc. (BVA) was retained in 2004 by the Authority to develop options for the diversion of Construction & Demolition (C&D) waste materials by its member agencies. The initial work concluded that a two-phase approach was desirable. The first phase addressing the immediate needs of the City of Vallejo and their development of a C&D diversion ordinance while recognizing the limitations of the existing facility. The second phase a more comprehensive review including facility and services needs assessment and a long term strategic plan. BVA has completed their work and will be presenting the results of their study.
