### **ENVIRONMENTAL IMPACT**

ENVIRONMENTAL DETERMINATION: This Project will not have a significant effect on the environment and is categorically exempt from the California Environmental Quality Act. [See Classes 1 (“Existing Facilities”), 7 (“Actions by Regulatory Agencies for Protection of Natural Resources”) and 8 (“Actions by Regulatory Agencies for Protections of the Environment,” which may be found in the guidelines for the implementation of the California Environmental Quality Act at 14 CCR §15301; see also Napa County’s Local Procedures for Implementing the California Environmental Quality Act, Appendix B.]

### **BACKGROUND AND DISCUSSION**

The Standby Generator Project at the Landfill involves the installation of a new diesel-powered generator to provide electrical power needed to operate the gas flaring system during a utility power outage. This project is necessary due to recent changes in interpretation of Bay Area Air Quality Management District regulations.
