Agenda Placement: 7B

Napa-Vallejo Waste Management Authority Board Agenda Letter

TO: Board of Directors

FROM: Richard Luthy - Executive Director
Napa-Vallejo Waste Management Authority

REPORT BY: Richard Luthy, Executive Director, Napa-Vallejo Waste Management - 707-299-1314

SUBJECT: Budget Adjustment to increase Appropriations in DRTS & Disposal Operating Costs related to increased tonnage.

RECOMMENDATION

FY 2021 BUDGET ADJUSTMENT

REQUESTED ACTION: Approval and authorization for the Executive Director to sign Budget Adjustment No. NVW 004, increasing the Transfer Station and Disposal Operations Professional Services Appropriations by \$115,000 and \$80,000 respectively, due to continuing increases in received and transported tonnage for FY 2020-2021. These increased Appropriations will be offset with the use of available Fund Balance.

EXECUTIVE SUMMARY

The FY 20/21 budget assumed a waste flow to the Devlin Road Transfer Station of 240,000 tons per fiscal year. Actual waste flow has been closer to 250,000 tons. The continued increase in tonnage has resulted in increased Authority operating expenses resulting in the need for an additional budget adjustment in the Transfer Station and Disposal Operations appropriation in order to continue payments for actual services rendered. Although operating expenses have been higher, tipping fees paid by customers have also increased, producing an overall increase in net revenue from operations.

FISCAL & STRATEGIC PLAN IMPACT

Is there a Fiscal Impact? No

County Strategic Plan pillar addressed:

ENVIRONMENTAL IMPACT

ENVIRONMENTAL DETERMINATION: The proposed action is not a project as defined by 14 California Code of Regulations 15378 (State CEQA Guidelines) and therefore CEQA is not applicable.

BACKGROUND AND DISCUSSION

The FY 20/21 budget assumed a waste flow to the Devlin Road Transfer Station of 240,000 tons per fiscal year. Actual waste flow has been closer to 250,000 tons. The increase in tonnage has increased the Authority's operating expenses resulting in the need for an additional budget adjustment to allow the Authority to pay Northern Recycling and Waste Services and Potrero Hills Landfill for actual services rendered. Although operating expenses have been higher than anticipated, tipping fees paid by customers have also increased, producing an overall increase in net revenue from operations.

SUPPORTING DOCUMENTS

None

Executive Director: Approve
