BACKGROUND AND DISCUSSION

Use Permit Modification Request for Clover Flat

The Use Permit was approved at the Planning Commission on December 7. The engine which will be used to

make energy from landfill gas was delivered to the site and installation is underway (despite the best efforts of PG&E to get in the way).

Historical Information on Landfill Surcharges Paid:

As we complete Calendar year 2011, below please find a recap of landfill surcharge fees paid in preceding years by CFL to UVDS.

2006 \$153,863

2007 \$146,314

2008 \$132,937

2009 \$116,124

2010 \$129,932

2011 \$134,191

While we are not (and probably never will be) back to the "good old days", a positive trend of recovery is evident.
