SUBJECT: Franchises' Status

RECOMMENDATION

FRANCHISES STATUS

DISCUSSION AND POSSIBLE ACTION ITEM: Manager to provide an update concerning the implementation of franchises' activities.

EXECUTIVE SUMMARY

Attached are the monthly reports for October. November's reports have not been received yet. We have met with the franchisee to refine the reports, but still encourage comments from the Board to improve the forms.

One more drip hose recycling event was held Friday October 28 and it was again very successful. Large quantity drip hose generators can still contact the franchisee to arrange for recycling services.

The tire recycling grant that was received by the County held a month long event in November. For the month of November up to 19 tires per customer were accepted for free at the Landfill with the coupon. The unofficial total is 3,880 tires received for the month. They were getting 400-600 tires/day the last few days. There was a huge rush at the end. Overall it was a very successful event.
