BACKGROUND AND DISCUSSION

Extended Producer Responsibility (EPR) and other Legislative Activities

It appears that some level of DOC funding for the company's curbside recycling activities may be restored by Sacramento, but we have also been told our DOC grant money for this year will not be forthcoming. The Manager and UVDS will discuss the impacts.

The Waste Board is continuing development of regulations leading to mandatory commercial recycling.

Protection of Customer Information

Recent Federal legislation requires companies that maintain customer account information adopt policies and practices to ensure that information is kept safe. This is the so called "Red Flags" rule. UVDS has stated that they are working on conformance with this federal requirement.

Monthly Financial Reports

The most recent financial reports are attached. The Manager will provide an analysis of these reports for the Board.
