### **EXECUTIVE SUMMARY**

Staff is continuing to reinvigorate Up Valley school recycling programs. We are pleased with the response this year so far. Two additional schools have been added, PUC Elementary and Pope Valley. A six-month summary will be available at the next meeting.

Planning for the recycling at large venues grant is being conducted.

Attached is a picture of the siding that was added to the PUC oil recycling location. This should help protect the site from the weather.

Earth Day planning is in full steam. Maegen Simmonds is serving as the Chair for the committee. They are changing the venue, which has outgrown Connelly Ranch, to Skyline Park. With the additional space, they are planning several other expansions to the booths and the events on Saturday April 22.
